

EMPLOYMENT ANNOUNCEMENT

- TITLE:** Research Scientist/ Engineer
- COMPANY:** ICx Technologies, Inc.
- LOCATION:** ICx Agentase
Pittsburgh, PA
- SALARY:** Commensurate with experience
- MIN. REQ.:**
- Relevant Bachelor's degree
 - 3-5 years laboratory experience

The research scientist/engineer position will involve development of an enzymatic biosensor. Will be responsible for performing experiments, operation of testing and analysis equipment, keeping a lab notebook, and maintaining a safe working environment. A preferred candidate will possess a relevant Bachelors degree with 3 - 5 years of laboratory experience in a hospital, industrial or research setting, or equivalent education. Wet bench chemistry experience is required. Knowledge of analytical equipment such as pH meters and spectrophotometers is preferred. Experience must include relevant computer skills (Excel, Word, etc.)

ABOUT ICx

ICx Technologies is a leader in the development and integration of advanced sensor technologies for homeland security, force protection and commercial applications. Our proprietary sensors detect and identify chemical, biological, radiological, nuclear and explosive threats, and deliver superior awareness and actionable intelligence for wide-area surveillance, intrusion detection and facility security. By leveraging our unparalleled technical expertise, ICx pioneers the integration of these advanced sensors into effective security and commercial solutions.

ICx Technologies, Inc. offers an excellent benefits package, 401K and paid vacation and holidays. Interested candidates should send a resume in Word or PDF format to: careers@icxt.com or via fax to: 412.423.2139 with the position title in the "Attention" line.
