

- TITLE:** Procurement Specialist / Subcontracts Manager
- COMPANY:** ICx Technologies, Inc.
- LOCATION:** J2 Program Office
Hanover, MD
- SALARY:** Commensurate with experience
- MIN. REQ.:**
- Min. 7-10 yrs government experience
 - Bachelor's or higher from an accredited college/university in business, contracts, acquisition or related field

ICx Technologies, Inc. is looking for a Procurement Specialist / Subcontracts Manager to join our growing team in the Baltimore, Maryland area. The Procurement Specialist / Subcontracts Manager will be an integral part of the Team ICx Program Management team for a DoD systems development and manufacturing contract.

DUTIES WILL INCLUDE BUT WILL NOT BE LIMITED TO:

- Institute the purchasing function for the company in compliance with federal regulations, using the IBM Maximo purchasing module
- Assist in setting strategies for the company pertaining to procurement, including subcontract and purchasing
- Serve as key point of contact and leader on all matters related to purchasing and subcontracts
- Create strategic supplier relationships with key suppliers to meet/exceed company requirements for cost reduction for direct and indirect material and services
- Manage existing relationships with suppliers to meet client department and company needs, including the vendor qualification process
- Oversee compliance of suppliers with material specification and performance metrics
- Draft and negotiate subcontracts and purchase order terms and conditions
- Collect and maintain market intelligence and corporate information on suppliers and their markets
- Negotiate supply agreements for materials for the company
- Assist with contracts, pricing and other responsibilities

ABOUT ICx

ICx Technologies is a leader in the development and integration of advanced sensor technologies for homeland security, force protection and commercial applications. Our proprietary sensors detect and identify chemical, biological, radiological, nuclear and explosive threats, and deliver superior awareness and actionable intelligence for wide-area surveillance, intrusion detection and facility security. By leveraging our unparalleled technical expertise, ICx pioneers the integration of these advanced sensors into effective security and commercial solutions.

REQUIREMENTS:

- Minimum 7 to 10 years government-related procurement experience
- Bachelor's degree or higher from an accredited college or university in business, contracts, acquisition or related field. Experience may be substituted for a degree.
- Knowledge of the FARs and DFARs
- Maximo purchasing module experience a plus
- Excellent Word and EXCEL skills
- Must be a self-starter with the natural energy, motivation and endurance to work in an entrepreneurial, fast-paced environment. Need superb communication and execution skills, flexibility, the ability to balance priorities and quickly adapt to changes in business requirements
- Collaborative, team player who enjoys working with, and as part of a larger team

ICx Technologies, Inc. offers an excellent benefits package, 401K and paid vacation and holidays. Interested candidates should send a resume in Word or PDF format to: careers@icxt.com or via fax to: (703) 678-2112 with the position title in the "Attention" line.
