

EMPLOYMENT ANNOUNCEMENT

- TITLE:** Program Scheduler
- COMPANY:** ICx Technologies, Inc.
- LOCATION:** J2 Program Office
Hanover, MD
- SALARY:** Commensurate with experience
- MIN. REQ.:**
- BS/BA with min. 4 yrs experience
 - Min. 2 yrs scheduling experience in an engineering/manufacturing environment

ICx Technologies, Inc. is looking for a Program Scheduler with experience in both program scheduling and Earned Value Management Systems (EVMS) to join our growing team in the Baltimore, Maryland area.

The Program Scheduler will be responsible for the tracking and the maintenance of the Program Schedule for a Department of Defense systems development contract recently awarded to ICx Technologies.

DUTIES WILL INCLUDE BUT WILL NOT BE LIMITED TO:

- Schedule management and analysis
- Creating and maintaining a Program Integrated Master Plan / Integrated Master Schedule (IMP/IMS)
- Applying EVMS principals to the Program Schedule
- Assist in planning, scheduling and cost estimating tasks in support of the program and its Integrated Product Teams (IPT)
- Will perform analyses and prepare reports to assist in ensuring that the program meets or exceeds schedule commitments
- Perform analyses such as critical path, schedule risk and variance analysis
- Will incorporate contractual and programmatic changes into the IMS in order to maintain realistic, current contract schedule baselines

ABOUT ICx

ICx Technologies is a leader in the development and integration of advanced sensor technologies for homeland security, force protection and commercial applications. Our proprietary sensors detect and identify chemical, biological, radiological, nuclear and explosive threats, and deliver superior awareness and actionable intelligence for wide-area surveillance, intrusion detection and facility security. By leveraging our unparalleled technical expertise, ICx pioneers the integration of these advanced sensors into effective security and commercial solutions.

REQUIREMENTS:

- Bachelor's degree with a minimum of four (4) years of professional work experience, which includes at least two (2) years of scheduling experience in an engineering/manufacturing environment
- Experience with Earned Value Management Systems (EVMS) and the ability to apply EVMS principals to program schedules
- Must be proficient in Microsoft Project, Microsoft Excel, Access and MS Office Suite
- Excellent communication and interpersonal skills

ICx Technologies, Inc. offers an excellent benefits package, 401K and paid vacation and holidays. Interested candidates should send a resume in Word or PDF format to: careers@icxt.com or via fax to: (703) 678-2112 with the position title in the "Attention" line.
